

# Announcing

## “6th” Annual Troll’s Cove Winter Knit Along!

Our Project this year will involve:

# Cables

- \* Your **project** will be knit or crochet with the main focus being the cable design.
  - \* Your project will need to use at least 800 yards of the fiber of your choice.
  - \* This will need to be a project you have not previously started.
  - \* I’m hoping you are willing to “think outside the box” and try something new.
  - \* All materials must be purchased at the shop.
  - \* Bring your creation in the weekend of March 6th. .
  - \* Include your pattern and a brief statement about what you did and the materials you used.
  - \* We will have your creation on display until Sunday, March 21st..
- I’ll close the shop at 2 p.m. that day for our “private party”.**
- \* We will have a fashion show with everyone who has been part of our knit along so that everyone can admire your work and perhaps decide if they might like to try something like what you have done themselves.

We’ll make Winter “Fly-By” and have some fun in the process.

**Drawings for prizes, gift certificates, kits, books!**  
**Plenty of delicious food and beverage to help us all celebrate.**

Everyone who enters has an equal chance of receiving one of the many prizes, we will have.

*Sandy*
